

## Aboriginal Myths and Legends How the Sun was Made

by Sofia Hindmarch, 11 years old, ZŠ Baška

Hi or as they would say in Australia G'Day,  
My name is Sofia Hindmarch. I was born in Sydney, Australia but I have lived in the Czech Republic since I turned two. At home we speak Czech with my mum, sister and brother but with my dad we speak English because he is an Australian and doesn't speak Czech!

I am entering the art competition for bilingual children "Vícejazyčnost je bohatství" for the fourth time.

This year's topic 'Myths and Legends' suits me very well because I love reading - both in Czech and English.

At home we have lots of books. I found four about Aboriginal myths and legends in both languages.

Aboriginals refer to their myths and legends as their 'Dreamtime Stories'. After reading some of these I decided to paint the legend 'How the Sun was Made'.

Below is how I started to paint my artwork in acrylics.

I have used some traditional Aboriginal techniques like dot painting.

I hope you enjoy my art!
